

EPUB.OEAW

Repository of the Austrian Academy of Sciences

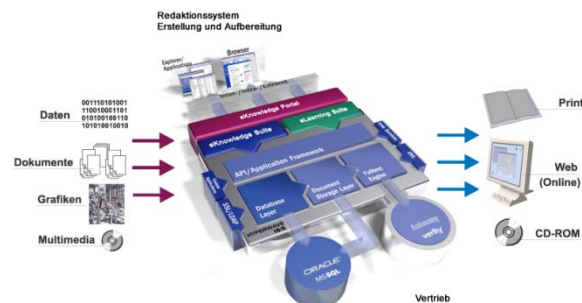

EPUB.OEAW is a platform and a service

- For **creating, identifying, disseminating and preserving** digital research output from AAS members, staff and projects
- Content platform startet in 2000, repository service in operation since 2006
- Partners: AAS Press, AAS data center, TU Graz, InfoDock
- 60.000 OAI-Records

Integrated Architecture

- 1 Server, various perspectives on it:
 - EPUB.OEAW (epub.oeaw.ac.at) repository
 - AAS-Press (www.austriaca.at) content platform
 - eScience-Plattform (e.g. www.musiklexikon.ac.at)
 - AAS Open-Access-Site (epub.oeaw.ac.at/oa)

Core Features

- **Citability** of digital research results by use of Digital Object Identifier (DOI)
- **Dissemination**, bibliographic data export, connection to social networks
- Compatible with FWF-, EU-Horizon2020-OA-rules and funding requirements (**OpenAIRE**-partner)
- **Long term preservation** through Austrian National Library and PORTICO
- **Full text search** in your Institute's publications
- Research publications (and data) are fed into indexing services and enjoy better **visibility**

Types of Media

- Books
- Journals
- Works of Reference
- Audio(CDs)
- Papers
- Underlying Data

crossref.org
DOIs FOR RESEARCH CONTENT

Metadata

- Crossref
- Dublin Core
- Open for others

File formats

- Processes open and proprietary formats
- Automatic file type-recognition for hundreds of formats
- (Technically speaking) unlimited file sizes

Identifier with Crossref.org

- International organisation with 4779 members (publishers, libraries)
- DOI-database for linking and metadata management with 70 Mio. DOIs (out of a world total of 100 Mio.)
- DOI-prefix for AAS: 10.1553/ (since 2004)
- DOI-resolution: <http://dx.doi.org/10.1553/.....>
- Requirement for permanent „Active Response Pages“
- DOIs for all kinds of publications and data
- Other services: Fundref, ORCID, Crosscheck, Crossmark, CHORUS, Text- and Datamining

Dissemination

OAI-PMH

OpenAIRE / Crossref

Gateway for Long Term Preservation

- National level: partnering with Austrian National Library since 2006
- International level: Since 2008 also with PORTICO – currently E-Journals Preservation Service, E-Books Preservation Service, planned in line with Portico's development of services: D-Collections Preservation Service; Zenodo/CERN
- For policies, processes und standards: see www.portico.org
- Preferred file formats on EPUB.OEAW: PDF, TIFF, XML
- Near-term-preservation through upload of files to EPUB.OEAW possible. Automatic file type recognition.
- For members of AAS currently free service, in the medium term fee structure will be in line with preservation partners' fees.
- Institutional backing of Austrian Academy of Sciences

Use Cases in EPUB.OEAW

Institutional repository

Search in publications on project or institute level
