| ACKNOWLEDGEMENTS          | 13 |

## PART ONE: PROLEGOMENA

|  |    |
|--|----|
| Physical geography                     | 19 |
| Historical geography                   | 25 |
| Indo-Iranian borderlands               | 25 |
| Paropamisadae and Gandhāra             | 25 |
| Puṣkalāvatī                            | 26 |
| Taxila                                 | 26 |
| The Swāt River and Uḍḍiyāna            | 27 |
| Barikot and Udegrām                    | 28 |
| State of archaeological research       | 29 |
| Early explorations in the Swāt Valley  | 29 |
| Italian Archaeological Mission in Swāt | 30 |
| Archaeological excavations at Barikot  | 31 |
| Coin finds from Barikot                | 37 |
| Archaeological contexts of coin finds  | 41 |
| Trenches and sectors                   | 41 |
| Macrophases                            | 44 |
| Clusters of coins                      | 46 |

## PART TWO: HISTORICAL AND NUMISMATIC COMMENTARIES

|      |  |    |
|------|--|----|
| I.   | THE PUNCH-MARKED COINAGE OF THE MAURYAN EMPIRE | 51 |
|      | § I.1. Historical context                      | 51 |
|      | § I.2. Chronology and typology                 | 52 |
|      | § I.3. Topographical observations              | 53 |
|      | § I.4. Stratigraphic observations              | 55 |
| II.  | THE AUTONOMOUS COINAGE OF TAXILA–GANDHĀRA      | 57 |
|      | § II.1. Historical context                     | 57 |
|      | § II.2. Chronology and typology                | 57 |
|      | § II.3. Metrological remarks                   | 60 |
|      | § II.4. Topographical observations             | 61 |
|      | Mints  | 61 |
|      | Find-spots in Uḍḍiyāna                         | 61 |
|      | § II.5. Stratigraphic observations             | 62 |
| III. | THE COINAGE OF THE INDO-GREEK KINGDOM          | 65 |
|      | § III.1. Historical context                    | 65 |

|  |            |
|--|------------|
| § III.2. Chronology and typology   | 68         |
| Antimachus II Nikephorus   | 68         |
| Menander I Soter <i>versus</i> Eucratides I                                  | 69         |
| Zoilus I <i>versus</i> Strato I  | 70         |
| Antialcidas  | 71         |
| Hermaeus   | 71         |
| § III.3. Metrological remarks  | 72         |
| § III.4. Topographical observations  | 73         |
| Mints  | 73         |
| Find-spots in Uddiyāna   | 74         |
| § III.5. Stratigraphic observations  | 80         |
| <b>IV. THE COINAGE OF THE INDO-SCYTHIAN KINGDOM</b>                          | <b>81</b>  |
| § IV.1. Historical context   | 81         |
| Migration of the Scythians to north-western India                            | 81         |
| The Azes conundrum   | 82         |
| Indo-Iranian borderlands after Azes  | 83         |
| § IV.2. Chronology and typology  | 84         |
| § IV.3. Metrological remarks   | 87         |
| § IV.4. Topographical observations   | 89         |
| Mints  | 89         |
| Find-spots in Uddiyāna   | 91         |
| § IV.5. Stratigraphic observations   | 95         |
| <b>V. THE COINAGE OF THE KUŠĀN EMPIRE</b>                                    | <b>99</b>  |
| § V.1. Historical context  | 99         |
| Early period: establishment of the Kušān Empire                              | 100        |
| Middle period: zenith of the Kušān Empire                                    | 101        |
| Late period: decline and fall of the Kušān Empire                            | 102        |
| § V.2. Chronology and typology   | 103        |
| Kujūla Kadphises   | 103        |
| Soter Megas  | 104        |
| Vima Kadphises   | 104        |
| Kaniška I  | 105        |
| Huviška  | 107        |
| Late Kušān coins   | 109        |
| § V.3. Metrological remarks  | 110        |
| § V.4. Topographical observations  | 112        |
| Mints  | 112        |
| Find-spots in Uddiyāna   | 115        |
| § V.5. Stratigraphic observations  | 118        |
| <b>VI. THE COINAGE OF THE SĀSĀNIAN KUŠĀNSĀHS (KUŠĀNO-SĀSĀNIAN GOVERNORS)</b> | <b>125</b> |
| § VI.1. Historical context   | 125        |
| § VI.2. Chronology and typology  | 127        |
| Šāpūr II (Sāsānian King of Kings)  | 128        |
| Pērōz I (5)  | 128        |

|  |     |
|--|-----|
| Kawād (1)  | 129 |
| ‘Mēze’ (?)   | 129 |
| Excursus: overstrikes and chronology                               | 130 |
| § VI.3. Metrological remarks                                       | 131 |
| § VI.4. Topographical observations                                 | 132 |
| Monetary zones and mints   | 132 |
| Find-spots in Uḍḍiyāna   | 132 |
| § VI.5. Stratigraphic observations                                 | 134 |
| VII. THE SMALL <i>AES</i> COINAGE OF GANDHĀRA–UḌDIYĀNA             | 137 |
| § VII.1. Historical context  | 137 |
| § VII.2. Chronology and typology                                   | 137 |
| Single finds   | 138 |
| The ‘hoard’ of 2018  | 140 |
| § VII.3. Metrological remarks                                      | 141 |
| § VII.4. Topographical observations                                | 143 |
| Uḍḍiyāna and Gandhāra  | 143 |
| Taxila   | 143 |
| Mohenjo-Daro   | 144 |
| § VII.5. Stratigraphic observations                                | 145 |
| VIII. THE COINAGES OF THE ‘IRANIAN HUNS’ (KIDĀRITES AND ALKHANS)   | 147 |
| § VIII.1. Historical context                                       | 147 |
| § VIII.2. Chronology and typology                                  | 149 |
| Kidārites  | 149 |
| Alkhans  | 151 |
| § VIII.3. Topographical observations                               | 151 |
| § VIII.4. Stratigraphic observations                               | 156 |
| IX. THE COINAGE OF THE TURK-ŚĀHI KINGDOM                           | 159 |
| IX.1. Historical context   | 159 |
| IX.2. Chronology and typology                                      | 160 |
| IX.3. Topographical observations                                   | 162 |
| IX.4. Stratigraphic observations                                   | 168 |
| X. THE COINAGE OF THE HINDU-ŚĀHI KINGDOM                           | 171 |
| § X.1. Historical context  | 171 |
| § X.2. Chronology and typology                                     | 173 |
| § X.3. Metrological remarks  | 176 |
| § X.4. Topographical observations                                  | 176 |
| § X.5. Stratigraphic observations                                  | 184 |
| <br>PART THREE: ARCHAEOLOGICAL NOTES<br><i>by Luca M. Olivieri</i> |     |
| A special collection   | 189 |
| What does ‘urban context’ mean here?                               | 189 |
| The economic context   | 192 |
| The concept of macrophases or correlated cultural phases           | 193 |

|   |     |
|---|-----|
| Radiocarbon dates at Barikot: a synthesis   | 199 |
| Coins and chronology in an archaeological context   | 200 |
| Coins and chronology: some discussion points  | 202 |
| <br>PART FOUR: CATALOGUE  |     |
| Catalogue guide   | 207 |
| List of abbreviations and symbols   | 208 |
| List of archaeological macrophases  | 209 |
| The punch-marked coinage of the Mauryan Empire  | 210 |
| The autonomous coinage of Taxila–Gandhāra   | 211 |
| The coinage of the Indo-Greek Kingdom   | 214 |
| The coinage of the Indo-Scythian Kingdom  | 221 |
| The coinage of the Kuśān Empire   | 235 |
| The coinage of the Sāsānian Kuśānšāhs (Kuśāno-Sāsānian governors)                           | 288 |
| The small <i>aes</i> coinage of Gandhāra–Uḍḍiyāna   | 300 |
| The coinage of the ‘Iranian Huns’: Kidārites  | 316 |
| The coinage of the ‘Iranian Huns’: Alkhans  | 317 |
| The coinage of the Turk-Śāhi Kingdom  | 318 |
| The coinage of the Hindu-Śāhi Kingdom   | 319 |
| The coinage of the Ghaznavid Sultanate  | 324 |
| <i>Miscellanea et incognita</i>   | 325 |
| Supplement 1. Cowrie shells from Barikot  | 331 |
| Supplement 2. An <i>aes</i> weight from Barikot   | 336 |
| Supplement 3. Coin finds from the Jambil region   | 337 |
| <br>PART FIVE: APPENDICES   |     |
| Appendix I. Concordance of excavation seasons and inventory numbers                         | 345 |
| Appendix II. Concordance of old catalogue numbers (1984–1992)                               | 355 |
| Appendix III. Concordance of archaeological contexts  | 357 |
| Appendix IV. Concordance of macrophases   | 377 |
| Appendix V. Radiocarbon dates of the macrophases of Barikot                                 | 387 |
| Appendix VI. Concordance of macrophases and periods/phases of individual trenches           | 399 |
| SUMMARY   | 405 |
| <br>BIBLIOGRAPHY  |     |
| I. Sources  | 409 |
| II. Studies   | 413 |
| <br>INDEX   |     |
| I. Geographical names   | 457 |
| II. Historical personal names   | 461 |
| III. Names of peoples, dynasties, offices, cultures, languages, scripts, religions and eras | 465 |
| IV. Numismatic and archaeological technical terms   | 468 |
